WARRANT ENHANCEMENTS

Due to your suggestions, the following additions have been made to the Bench Warrant and Arrest Warrant forms:

- ? page numbering prints on each page
- ? offense date prints to the right of the charge
- ? district court number and docket number prints on the second page
- ? fields for the constable to record service costs
- ? language and check box to indicate that the defendant was not found.

Also, more space has been added for the Judge's signature line on the Bail Bond.
